

Sites and Vendors Live with the MIIS

Last Updated 02/28/2019

The following list reflects the healthcare networks, medical groups and provider sites in Massachusetts that are currently “live” with the Massachusetts Immunization Information System (MIIS). Patient immunization data is either being entered through the user interface or the site is sending electronic immunization data from their electronic health record (EHR) to the MIIS. These EHR Vendors are listed at the end of the document. This list will be updated regularly as more sites and vendors come on board with the MIIS.
