

# Meaningful Use Stage 2 (MU2)—Registration of Intent

Massachusetts Department of Public Health, Massachusetts Immunization Information System (MIIS)

Prior to attestation for Meaningful Use Stage 2 (MU2) by submitting data to the MIIS, a site must first complete their online “Registration of Intent” through the ContactMIIS Resource Center. This registration formally confirms that a site will begin the steps necessary to report the immunizations they administer to the MIIS.

## To Complete Registration of Intent:

1. Go to the **ContactMIIS Resource Center** at [www.contactmiis.info](http://www.contactmiis.info)
2. Log into the website with your ContactMIIS Resource Center registered email address and password. If you have not yet registered, first click the **Registration** tab and follow the steps necessary for **User Registration**.

Welcome to the MIIS Resource Center

The Massachusetts Department of Public Health (MDPH) Immunization Program is committed to promoting the health of Massachusetts' citizens by reducing the burden of vaccine preventable diseases that affect residents of the Commonwealth. As part of this effort, the MDPH Immunization Program has launched the Massachusetts Immunization Information System (MIIS), a web-based immunization registry and vaccine management system. The MIIS is in the process of being rolled-out to healthcare providers statewide, and once fully implemented, will be the official source of immunization information for Massachusetts. The goal of the MIIS is to consolidate patient immunization information to create secure, accurate and easily accessible immunization records to health care providers across the Commonwealth, who can then share them with patients and families. The MIIS also helps ensure vaccines administered in Massachusetts are based on the latest immunization recommendations.

**Meaningful Use Information**

Meaningful Use Immunization Reporting (IR) to MIIS - [Intent Registration](#)

Meaningful Use MIIS Immunization Report Card (IRC) - [MU Report Card](#)

**Immunization Registry Data Submission**

Objective  
Capability to submit electronic data to immunization registries or immunization information management systems except where prohibited, and in accordance with applicable law and practice.

Measure  
Successful ongoing submissions of electronic immunization data to from CEHRT to an immunization registry or immunization information management system for the entire EHR reporting period.

Stage 2 Meaningful Use Report  
Massachusetts Immunization Information System Report Date: 01/13/2014

Health Care Provider:	Test Provider Site	
Location:	123 Four street, Boston MA 01234	
Entity Type:	EP	
Reporting Period:	Q1 - 2014	
Registered Intent Date:	10/15/2013	✓
Invitation from PHA Date:	09/30/2013	✓
Invitation Response Date:	10/31/2013	✓
Ongoing Submission Start Date:	Not Submitting	✗
MU2 Current Status:		⚠

5. Complete and submit your “Registration of Intent”.

Once your site successfully submits your “Registration of Intent” online, it will be placed in our MU2 attestation queue. Next your site will be invited to begin the on-boarding process to establish a connection and send real-time patient immunization data between your EHR and the MIIS. Once your site receives this invitation, you must respond to acknowledge your site is ready to begin the testing phase. At that point your site is moved from the attestation queue to the on-boarding stage.

Throughout this process you will be able to access your **MU Report Card** to track your site’s progress as it moves through the attestation and on-boarding process to report immunization data to the MIIS. You may print or export your MU Report Card to include with your MU2 submission.
